COFFEES, TEAS & HOT CHOCOLATES

1 Select your Freshpack with a clear nozzle.

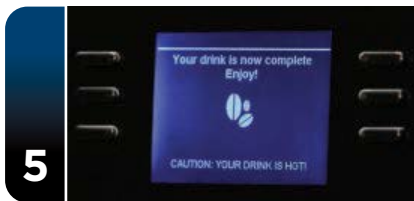

2 Place cup on left-side stand. For large cups, remove drip tray by pulling out from brewer.

3 Select your drink category from on-screen options by pressing corresponding button.

4 Choose drink size and insert pack in left-side brewer with nozzle pointing up and close to start brewing.

5 The LCD screen will indicate when your drink is ready.

6 Remove cup from stand. CAUTION: Your drink is hot!

ESPRESSOS

1 Select your Espresso Freshpack with a red nozzle.

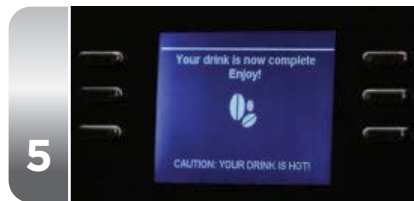

2 Place cup on right-side stand. Utilize sliding stand for espresso cups.

3 Select Espresso & Specialties from on-screen options then select Espresso.

4 Insert pack in right-side brewer drawer with red nozzle pointing up and close to start brewing.

5 The LCD screen will indicate when your drink is ready.

6 Remove cup from stand. CAUTION: Your drink is hot!

SPECIALTY DRINKS

1 Specialty drinks require two Freshpacks. Select Real Milk Froth and another Freshpack of choice.

2 Place cup on left-side stand. Froth is always brewed on the left side.

3 Select Espresso & Specialties from on-screen options then select your drink of choice.

4 Insert Froth pack in left-side brewer drawer with nozzle pointing up and close to start brewing.

5 If brewing with Coffee, select "Regular (white nozzle)" on the left side. If brewing with Espresso, select "Espresso (red nozzle)" on the right side. If using espresso, move cup to the right side of brewer.

6 Insert Freshpack and close door to complete brewing. Enjoy! CAUTION: Your drink is hot!
